*We provide high-quality curtains made from carefully selected materials to ensure maximum privacy, durability, and style. Each material is designed to enhance your space, whether for hotels, hospitals, or home*

# Fabric Options - Choose Your Comfort

## American Drill Fabric

American Drill is a medium-textured drill fabric made from a blend of cotton and polyester. It offers a soft yet slightly stiff texture, making it more structured compared to Japan Drill

- Comfortable: Its smooth texture and excellent moisture absorption make it breathable and comfortable to wear.
- Durable: The fabric features strong yarns, resistant to wear and tear, and maintains vibrant colors over time.
- Aesthetic Appeal: It drapes well, providing an elegant and professional appearance.
- Long-Lasting: Highly durable, wrinkle-resistant, and stable against shrinkage or creasing.

We provide high-quality curtains made from carefully selected materials to ensure maximum privacy, durability, and style. Each material is designed to enhance your space, whether for hotels, hospitals, or home

# Fabric Options - Choose Your Comfort

## Verlando Drill (Japan Drill)

A thicker, heavier drill fabric with larger fibers compared to American Drill. Known for its strength and affordability, it is perfect for heavy-duty uniforms like coveralls and workwear for workshops or mining.

Advantages : Strong, durable, affordable, and suitable for tough environments.

*We provide high-quality curtains made from carefully selected materials to ensure maximum privacy, durability, and style. Each material is designed to enhance your space, whether for hotels, hospitals, or home*

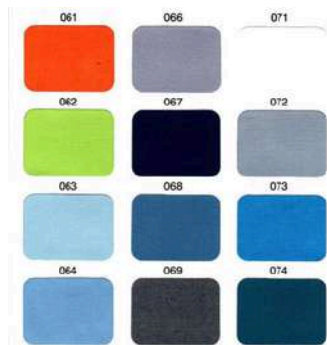

# Fabric Options - Choose Your Comfort

## Maryland Tropical

A lightweight, breathable fabric designed for warm climates, often used in uniforms or workwear requiring comfort in high temperatures.

Advantages : Cool, breathable, and ideal for tropical or outdoor use.

We provide high-quality curtains made from carefully selected materials to ensure maximum privacy, durability, and style. Each material is designed to enhance your space, whether for hotels, hospitals, or home
